

1st march 2016

CHS announces the appointment of former NHS Commissioner Richard Alsop as its new Commercial Manager.

The appointment follows the successful trial in Gestational Diabetes in Ulster Hospital as Richard has the key experience and skills to further expand CHS across existing and new CCGs' nationwide.

Richards unrivalled experience within the NHS and his ability to navigate once ruled waters, gives CHS the ability to deliver its diabetic management program effectively and efficiently to specialist teams across the country.

Simon Dempsey, Director of CHS states “ Strategically now is the perfect time to appointment an individual of Richards caliber, experience, vision and reputation. He will allow CHS to successfully deliver our growth strategy within the NHS and develop CHS's successes to date. Richards knowledge of the NHS and contacts will allow CHS to reach key decision makers efficiently coupled with understanding of policy make this appointment a real recipe of great achievements to come”.
